Lamp 1990

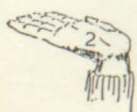

The "Lamp of Knowledge" has been the symbol of West Side for many years. We, the Class of 1990, hold up this lamp to signify wisdom, pride, dignity and honor that we have for our school. We hope that the graduating classes that follow us will maintain this tradition.

Always Be Prepared To Meet New Challenges

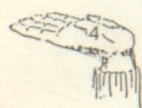

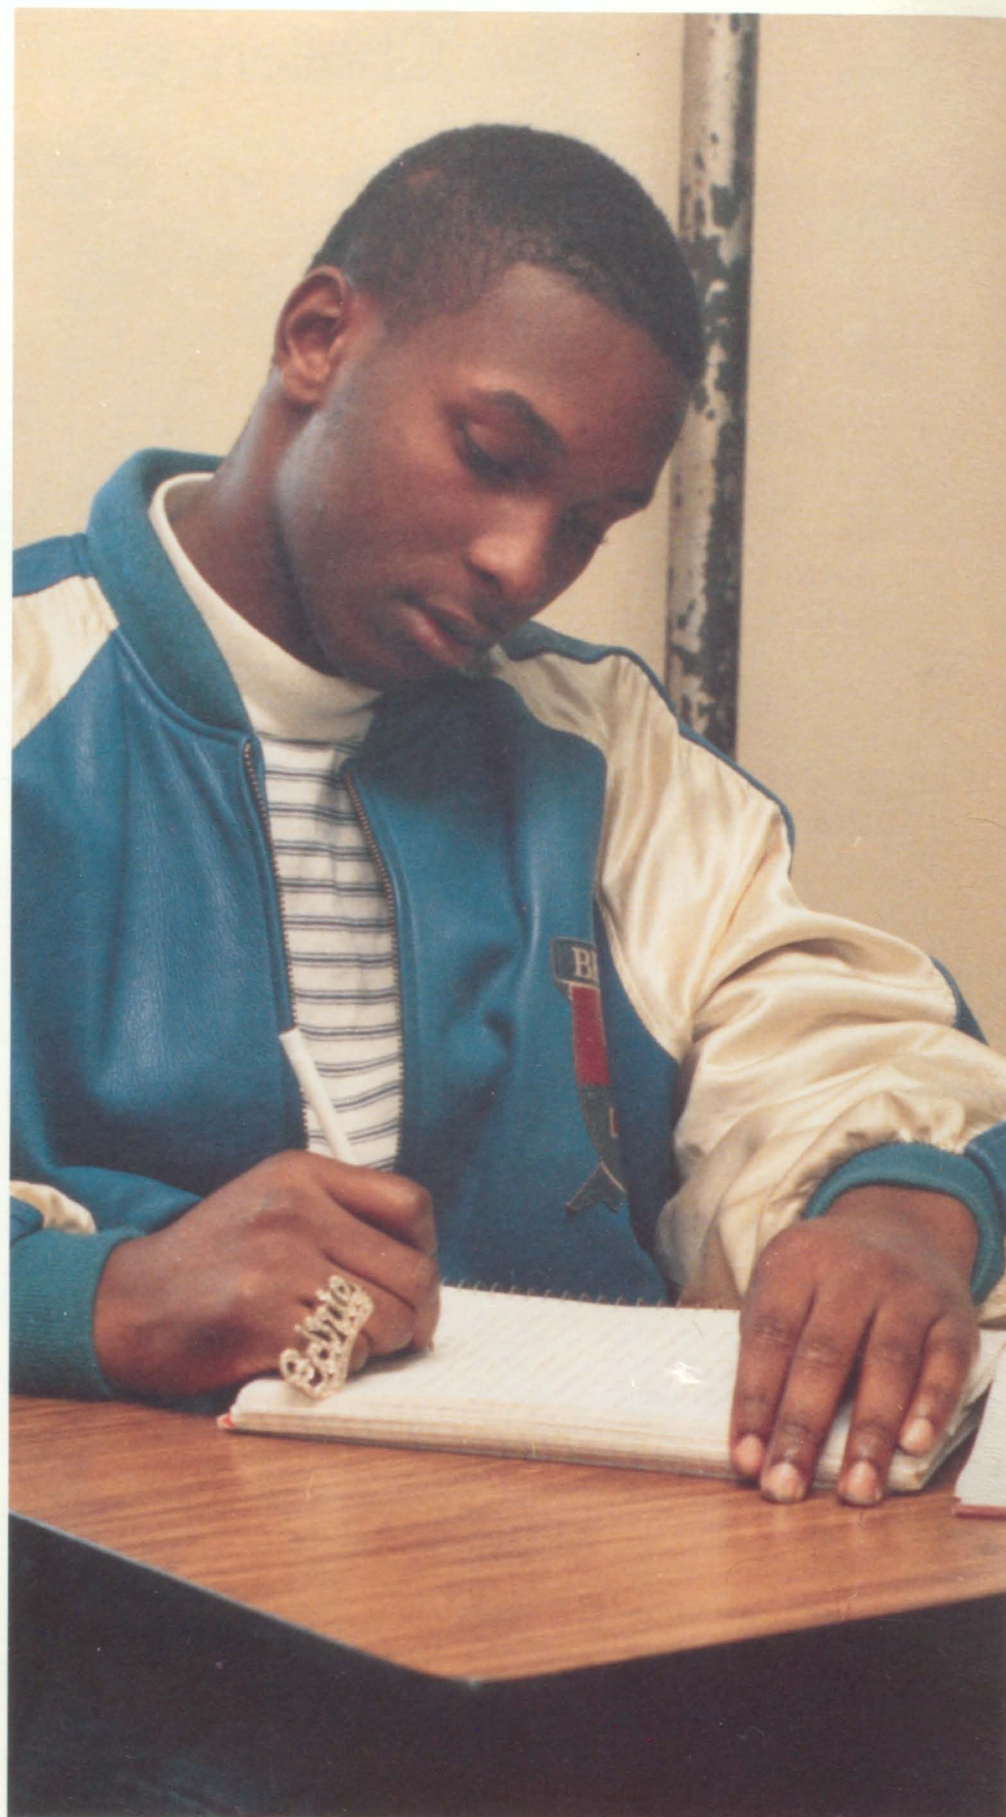

REACH FOR YOUR DREAMS

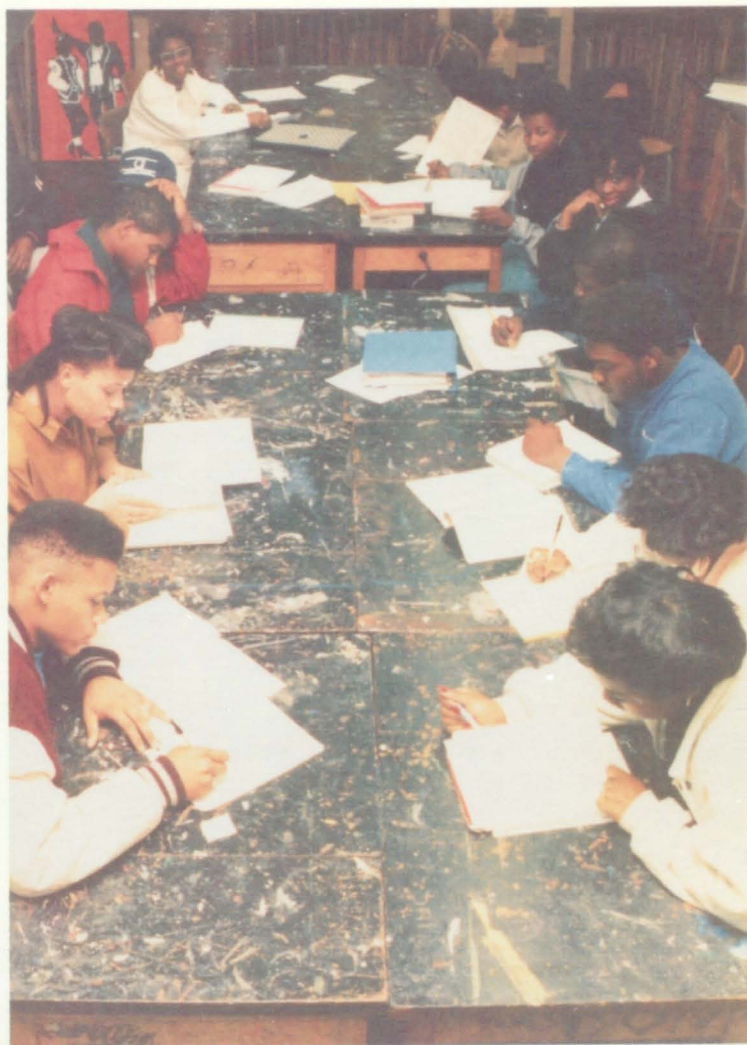

If you welcome every morning
and the special chance it brings
to try new paths,
to open some new door,
To look a little deeper
and to reach a little further,
to aim a little higher than before

...
If you strive to fill each moment
with some beauty and some
purpose,
to seek out joys
that mean the most to you ...
Then you will greet each evening
one day richer in contentment,
one day closer to the dreams
that you pursue.

WE ARE BEGINNING A NEW DECADE

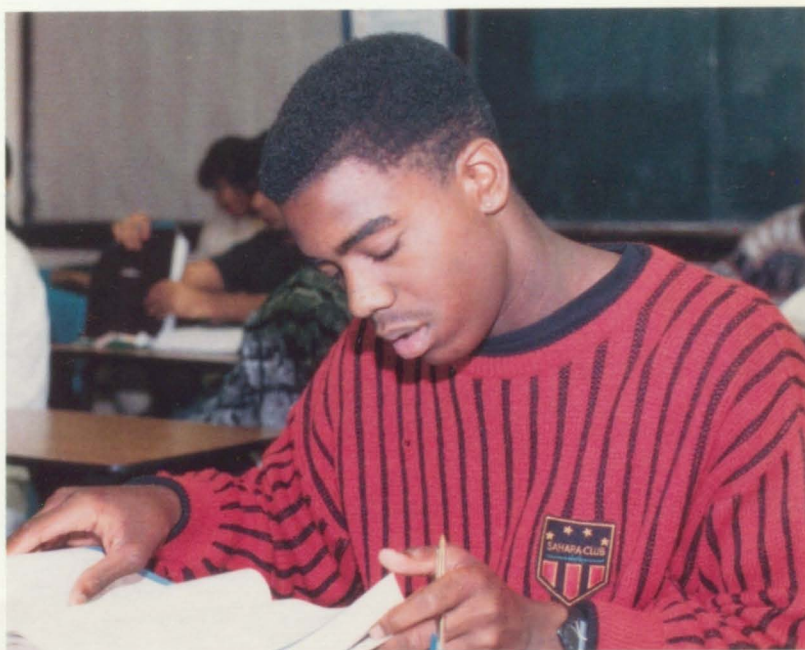

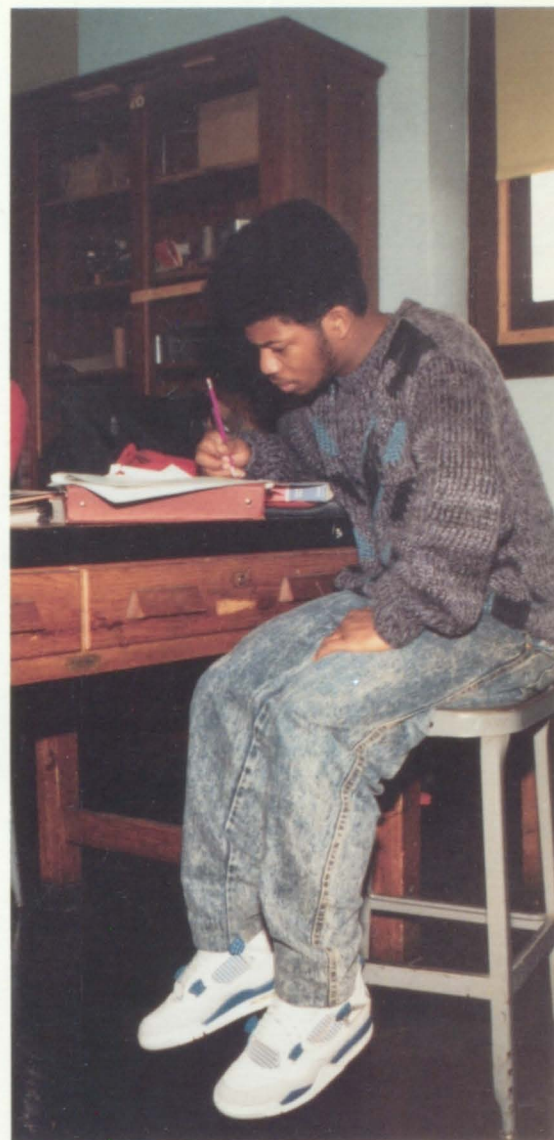

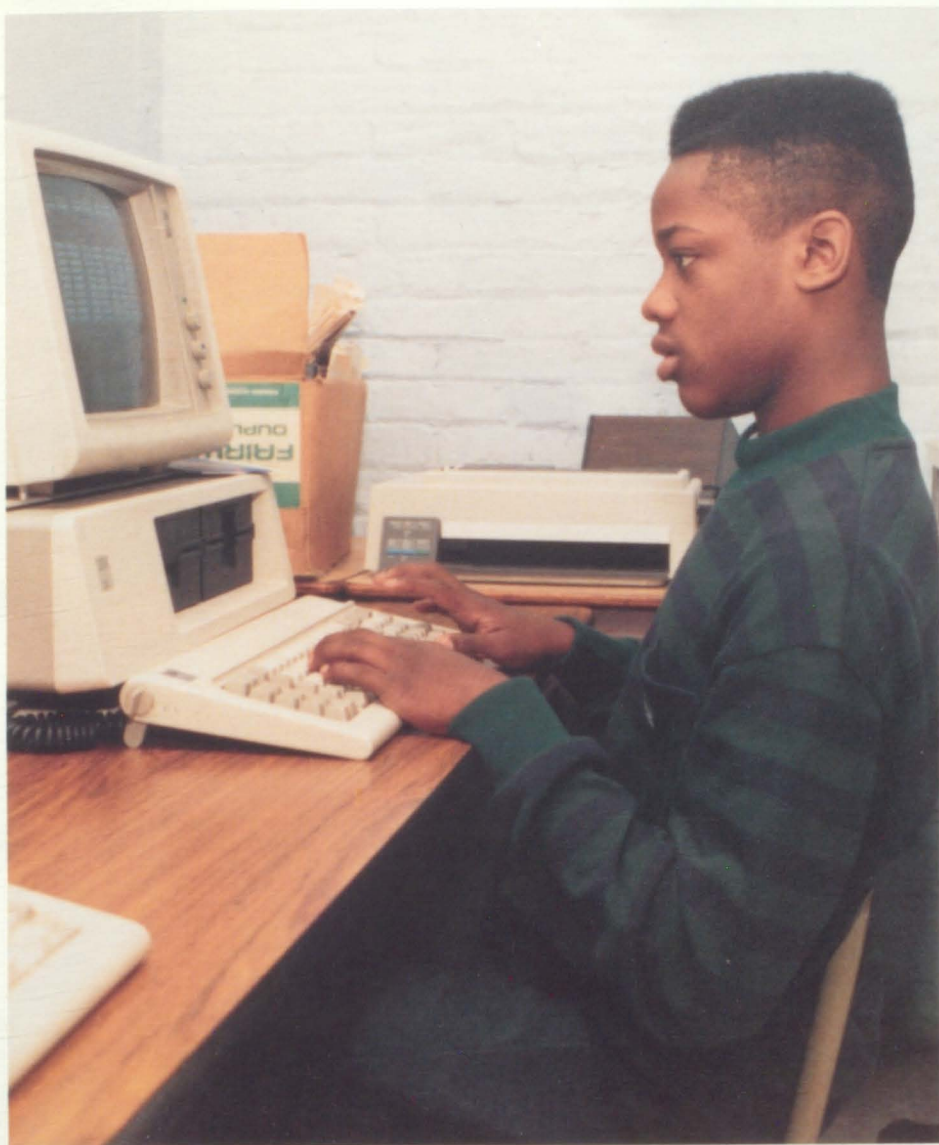

During this time, new discoveries and inventions will be introduced to improve the quality of life on earth; a time when diseases will wipe out the nation's population — when states will build more institutions or prisons than facilities for the homeless. During the 1990's, Black on Black crime will constantly rise and drugs will continue to corrupt the nation's most powerful leaders. I foresee a time when countries will position for the ultimate battle. *That* spells man's doom.

In spite of it all, as the dawn of the nineties approaches, let us take the time to reflect and appreciate the greatness of God — that he will yet spare us, forgive us, and show us the way of love and respect for our fellowman. This is God's way, for it is indeed, the only way. The survival of mankind hangs in the balance.

We Must Save Our Young Black Men

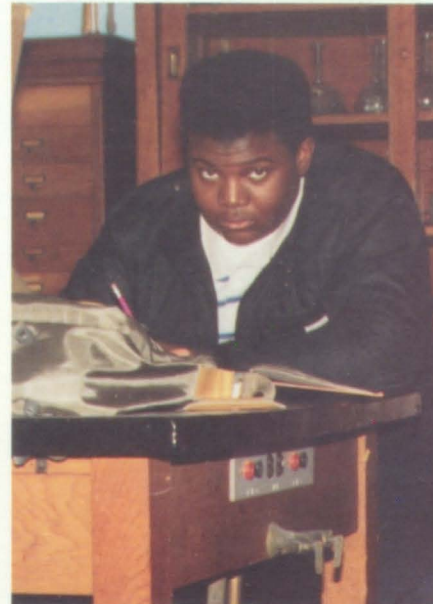

THE CHALLENGE Black males will face in the 1990's will be the same challenge they faced in 1700's and 1800's.

The challenge will unfold within a new context with new and more sophisticated instruments and more ominous implications. For the challenge today is racism modified and magnified by automation, computers, and a changing economy which no longer needs the muscle that created the foundations of American wealth.

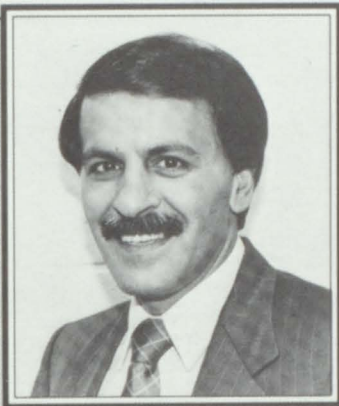

What makes this all the more challenging is that racism has become more invisible — and more effective. Strengthened by the power of new media, it now penetrates into the hearts and minds of its victims, robbing them of pride, lowering their energy levels, making them doubt themselves, delivering them to the devil of dope, creating the self-perpetuating statistics which say that Black males are more likely than White males to be imprisoned or confined in mental institutions. Not only that, the new racism has become so sophisticated that it uses the victories of the victims — affirmative action, for example — to tighten the chains of the victims.

We have faith. We believe that during the 90's, our young Black men will not be involved in crime, drugs, and other unsavory activities. They will value the need for higher education, and will become enrolled in colleges. They will make an everlasting contribution to society. They will value family life and will guide our young Black youth through the right paths of life. We must save our Black men — the future of our race is at stake!

MR. NATHANIEL L. POTTS, PRINCIPAL

Dear Seniors,

A yearbook is more than printed pages, class sayings, and photographs. It is, in a very real sense, a record of memories — your memories — the memories you hold both individually and in common as students of West Side High School. It is my sincere hope, as well as the hope of the faculty and administration, that those memories are pleasant ones; ones which you will cherish throughout your life. It is our hope that your days here at West Side High School have been enjoyable as well as filled with learning and growth. You have received an education that will serve you well throughout your lives, and the memories within these pages will serve you in those quiet moments when you turn your thoughts back to days spent with us.

On behalf of the faculty and administration, I wish you health, happiness, and success throughout your lives.

Love and peace,

Nathaniel L. Potts

The Dreaming And Hoping ... The Reaching And Believing ... The Fulfillment Of A Special Dream.

Mrs. B. Derricotte

Mr. Aratow shaking hands with Mr. Potts.

January 31, 1990 was the end of an educational journey for two outstanding educators, **Mrs. Barbara Derricotte** and **Mr. Henry Aratow**.

Mrs. Barbara Derricotte began her teaching career in 1947 after receiving a Bachelor's Degree in Education from Jersey City State Teacher's College. Her first teaching position was as a part-time substitute teacher within the Jersey City schools until 1950 when she transferred to the Newark school district.

After becoming a regular appointed teacher in 1963 at Sussex Ave School, Mrs. Derricotte stayed at that school for 20 years. She came to West Side in 1983 as a basic skills teacher and remained until her retirement.

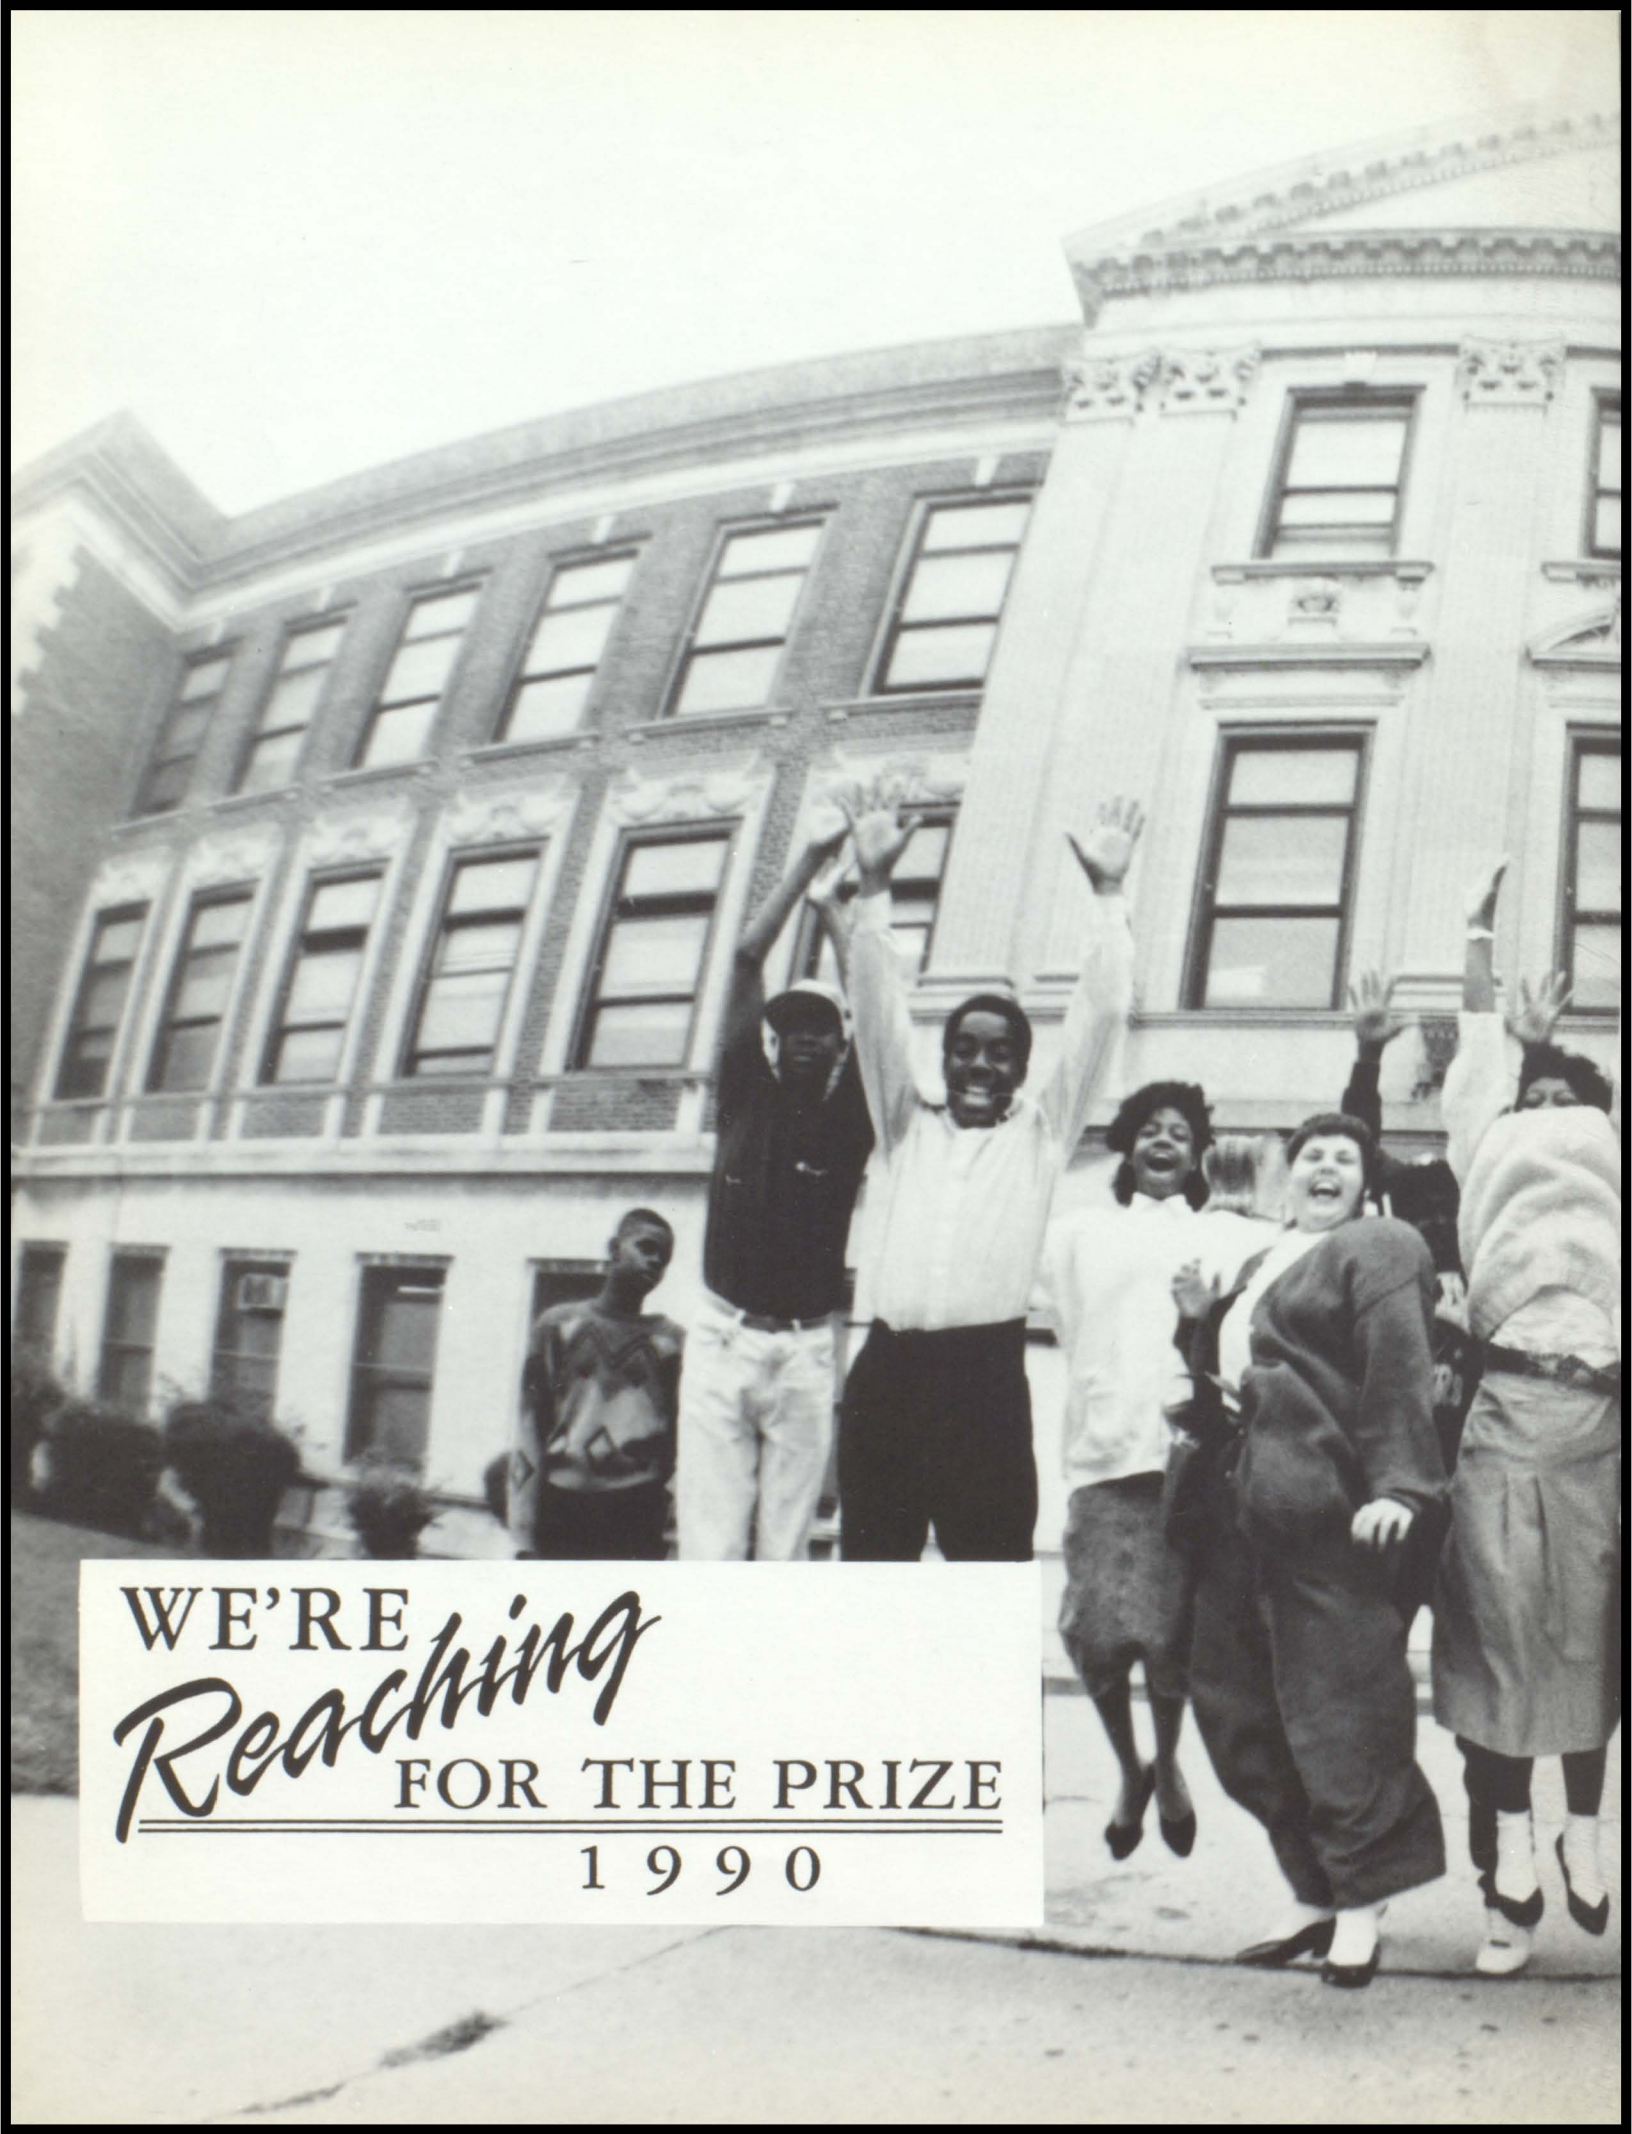

Mrs. Derricotte will now have the time to become more active in her husband's church, the Mount Olivet Baptist Church on Avon Avenue in Newark. She also plans to attend more conventions and seminars.

Mr. Henry Aratow is a product of the Newark school system, having graduated from Weequahic High School in 1953. He received his Bachelor's Degree in Education from Seton Hall University in South Orange in 1957 and his Master's Degree in Secondary Education from Seton Hall in 1960.

He began his career as an educator in 1957 as a social studies teacher at Clinton Place Junior High School. In 1962, he transferred to Shabazz High School as a history teacher and guidance counselor, eventually becoming a full time guidance counselor at Vailsburg High School where he stayed until the school closed in 1988.

Mr. Aratow chose to transfer to West Side High School in 1988 because he wanted to follow the students that he had been counseling at Vailsburg.

We, the West Side family, wish both of them the best in their future endeavors.

Responsibility is the thing people dread most of all. Yet it is the one thing in the world that develops us, gives us manhood or womanhood fibre.

Do not attempt to do a thing unless you are sure of yourself; but do not relinquish it simply because someone else is not sure of you.

The improvement of our way of life is more important than the spreading of it. If we make it satisfactory enough, it will spread automatically. If we do not, no strength of arms can permanently oppose it.

WARM AND COOL COLORS

In a broad way, color may be divided into two categories; *WARM* and *COOL*. The warm hues are red, orange, and yellow, and their variations. The cool hues are green, blue, and purple, and their variations.

Warm colors tend to come forward and are called *ADVANCING COLORS*. The cool colors suggest dignity and relaxation and are *RECEDING COLORS*. They create the illusion of space by making objects look smaller or farther away than they actually are.

How can these factors be applied? There are many relationships between color and the effect on the minds of people. People are more cheerful, for example, on a bright sunny day than they are on a dull gray one. The body tends to direct its activities outward and such an environment tends to encourage muscular effort and action.

With softer surroundings featuring the cooler hues, such as greens and blues, there is less distraction, and a person is better able to concentrate on sedentary and mental tasks.

A friend is the one who will always be beside you, through all the laughter, and through each and every tear. A friend is the one thing you can always rely on; the someone you can always open up to; the one wonderful person who always believes in you in a way that no one else seems to. A friend is a sanctuary. A friend is a smile.

A friend is the one door that is always open. A friend is the one to who you can give your key. A friend is one of the nicest things you can have, and one of the best things you can be.

The soccer season ended with a 4-6-10 record. Despite the shortage of players, (only nine of an eleven-man squad), we were able to keep Essex Catholic and Orange High School scoreless, and hold East Orange High to only one point.

Hopefully, next season with more experience, our record will be reversed.

The 1989 Football season has brought about new changes in the direction for the Roughriders program. The first change was leaving the Greater Newark Football Conference and entering the Northern Hills Conference (Sky-line Division). The second change was to score at least 2 touchdowns in every game. The third change was to have a quarterback completing a high percentage of passes and yardage and also a receiver catching over 55 passes. And the last change, and most important, was obtaining a full scale weight lifting/conditioning program. These were the changes and accomplishments that were used to construct our program; and they are needed with more dedication and hard work to maintain a good program.

Riderettes Have Great Determination

The 1989-90 West Side Girls Basketball Team did very well, and improved with great measure. Beginning with this season, the City league was abolished and the schools were designated to play in several different conferences. We lost many games, but actually won because we scored more points against teams that usually score high on many schools!

We have come a long way and, hopefully, we will surpass all obstacles that will confront us in the future. Anita Dickerson and Sabrya Mitchell, the team's leading scorers, will definitely prove to be great players of the future.

With hard work and determination, our female basketball program will become as great as it was in the past.

Cross Country Reaches New Hurdles

They're off and Running . . .

The 1989 Cross Country Team is in a rebuilding year. No longer will you hear the names Troy Johnson (Northeastern University), John Grimsely (Manhattan College), Delwin Carr, Thaub Ishmail (Glassboro State) and Marcia Baker (F.D.U.) — all outstanding runners who have graduated.

Ernesto Perez is the lone survivor of last year's team. He is an All-City, All-County, All-State performer, who is one of the finest Middle-Distance Runners in the history of the school.

Marketa Morse and Nasirah Mitchell, the co-captains of the team, have been steady performers all season. These two talented seniors have led the girls to a 3rd and 4th place finish in the City and County Championships.

Sabryia Mitchell, Angela Jones, Latoya Hankerson and Christina Lindsey are the names to be watched in the future.

The Junior Varsity Basketball Team completed a rough, yet dedicated season, ending with a 17-6 record, Coached by first-year Coach Gary Taylor, the Junior Roughriders faced a tough schedule with the Northern Hills Skyline Division. The leading scorers were: guards Derry "Sleepy" Underwood and Laroy "Pop" Bey, easily the best back court in the division. Forward David Tysons also contributed heavily in the scoring. Forward Ruchan Alston provided tenacious defense as well as scoring. A first year guard Ouran Thomas always provided hustle and sophomores Sequan Wiggins and John were dominant rebounders. Coach Taylor believes that with dedication, discipline and desire, these players will help West Side basketball.

Bowling Team Has New Coach

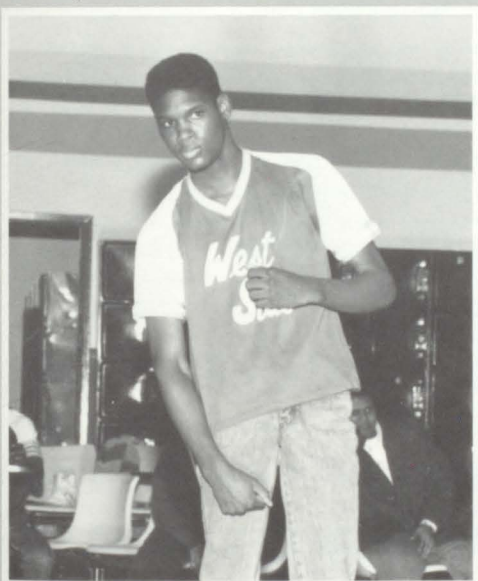

Coach Stephen Stalks, Bryon Reece, Walter Harris, Marcus Osorio, Courtney Tippet, Wollie Moye, and Ito Lightford.

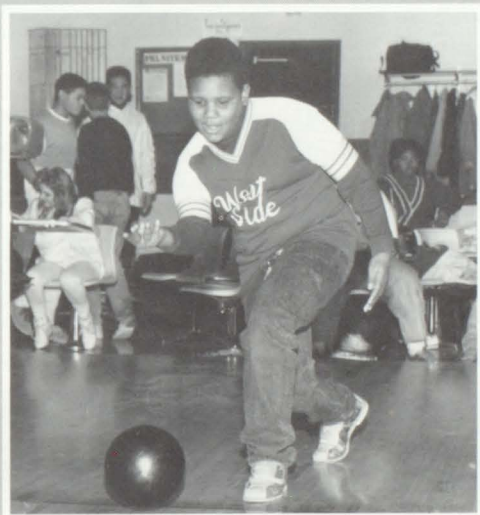

This year's bowling season turned out to be a fun-filled competitive and worthwhile one. The team was coached by first year Coach, Mr. Stalks. Coach Stalk's felt the team had developed well, and he feels the team has the potential to be even better next season. West Side finished in fifth place in the Iron Hills Conference — behind Clifford Scott — with a record of two wins and eight losses. There was tough competition in that Conference, but the competitive experience will help the team next year.

Coach Stalk's hopes that more students will join the team next year. The team also participated in the Newark City Bowling League.

The bowlers were: Chad Wynn, Scott Nelson, Courtney Tippet, Cliff Conte, Walter Harris, Marcus Osorio, Ito Lightford, Desmond Whitaker, Aretha Rodgers, and Katel Ghandi. The most improved Bowlers for this year's season were, Bryson Reece, Chad Wynn, Courtney Tippet, Willie Moye and Scott Nelson.

In Memory Of Our Beloved Ones

Crossing The Bar

Sunset and evening star,
And one clear call for me!
And may there be no moaning of the bar,
When I put out to sea,

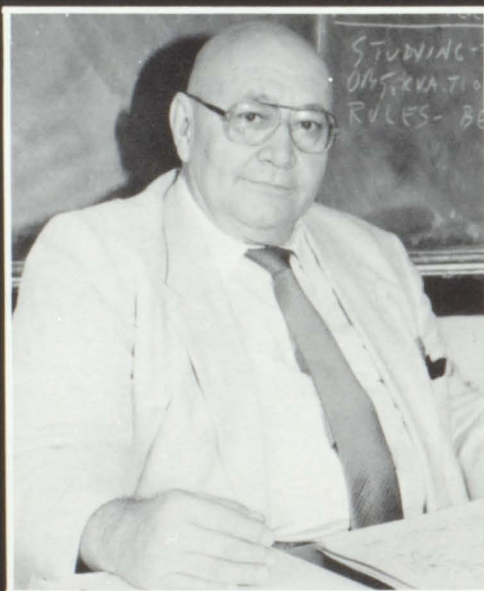

But such a tide as moving seems asleep,
Too full for sound and foam
When that which drew from out the boundless deep
Turns again home.

Twilight and evening bell,
And after that the dark!
And may there be no sadness of farewell,
When I embark;

For tho' from out our bourne of Time and Place
The flood may bear me far,
I hope to see my Pilot face to face
When I have crost the bar.

A Song

The world is young today;
Forget the gods are old,
Forget the years go gold
When all the months were May.

A little flower of Love
Is ours, without a root,
Without the end of fruit,
Yet — take the scent thereof.

There may be hope above,
There may be rest beneath;
We see them not, but Death
Is palpable — and Love.

Mummy et Pape'

It is not easy for me to express the love I feel for both of you. I know there are times I let you down, but I just want you to know that I have appreciated all the sacrifices and struggles you have gone through to help me be the young lady I am today.

P.S. You didn't waste your money; You made a great investment.

Pape,

When I was a little girl, you carried me, you showed me right from wrong, you put up with my crazy beliefs, you spoiled me rotten, even though I have "messed up" many times in my life. Thank you for lifting me up and showing me that I can really be whatever I want to be. Don't look at my graduating as a way for me to leave you and Mummy. Look at it as my first step towards getting ready to take care of you and Mummy in your old age as you did me in my infancy. Never let anyone tell you, "You are not a great dad," because Pape, you're the greatest!

Mommy

No one in this world means more or will ever mean more to me than you. When things went bad and many started to give up on me, you held on tight, you sacrificed all you had for me. "Mommy, I love you." As well as "Thank you", your unconditional love and irreplaceable understanding have meant and done a lot for me.

Cassie

You are just as mean and stubborn as I am, but there's one of my characteristics you didn't attain — taht's the ability to smile and be friendly. Next year you will graduate from the eighth grade and move on to high school I'm not saying for you to always be happy because we all have our ups and downs, but I am saying this: "Smile, God loves you and so do I."

My youngest sister and most precious possession. You have been the best little sister and God's gift that a big sister could ever hope for. Please stay that way and never change, I'm leaving you the responsibility of telling me all the wrong things that Sandre and Cassie do (our secret).

The 3 of you have always been there to cheer me up when I've been down. I want you to always remember and never forget "Just call my name and I'll be there."-M. Jackson

To My Entire Family

You also put up with me for 17 years. You took in and watched as I went from a baby to a little girl — then to a young lady. Through it all, you also helped me correct my mistakes. You guys are the greatest!

We may not be able to change the past, but we can help to shape the future.

Lenny,

Through the years when everything went wrong, together we were strong. I've always been so glad to be with you, through the year through all the good and bad, I know how much we've had, I've learned what life is about, by loving you through the year.

School Day Memories,

As we reach out our hands

The diploma we grasp,

While we think of the memories

Of the years in the past.

Tears fill our eyes

Because it's all gone,

We're starting a new life,

We have to move on.

We hope friends will keep in touch

As the years pass us by, although it hurts

inside,

We'll try not to cry.

You'll always have the memories

Of our school years from day one.

Don't think of school as ending

Think a new life has begun.

(M. Pereira)

Hey, you guys. We did it!!!

"Sometimes you win

Sometimes you lose

Sometime you wanna cry

Sometimes you play the fool

You got to hold on a little longer

It's gonna be a little stronger

And you can win, you can win!

And everything is gonna be yours"

"Give me one moment in time,

when I'm more than I thought I could be; When all of my dreams are a heartbeat away and the answers are all up to me. Give me one moment in time when I'm racing with destiny, there is that one moment in time when I feel eternity."

Congratulations, Jenny Dhall

Dear Jen,

I've known you for so many years — (of course I do, we're cousins). I've grown to love you as a sister.

When I think of all the things we have gone through, no wonder we're so close.

Now, it's your graduation! Oh! Wow! I don't believe we've gotten so far. We've done everything together. Kisses, birthdays, communions, tears, confirmation, "86 Graduation", and now "90 Graduation".

I love you so very much and I can't see us part. Always remember you're the best ever and you will succeed!

PoSo, I'm looking forward to sending my children to my cousin Jenny's doctor's office.

Love always
Katia

Jenny,

May your journey through life be good to you. You are a very beautiful and bright young woman. I am thankful for having the chance to get to know you. I'm sure we will be friends for a long time to come. I wish you the best. May God bless you always.

Love,
Dawnie

To Jen,

May your graduating this year bring you a step closer to success. I wish you all the best in the future. May you get everything you deserve in life, you deserve it! I love you and stay pretty and sweet.

Love,
Your Aunt Katia

Congratulations Miss Ericka Bradley

Seldom do parents enjoy the unique and distinct pleasure of claiming a daughter who personifies the ideal role model. In Ericka, we are immensely proud of not only her academic achievements, but also, her conduct and work in the church and community. With that we say to her: "May your pursuit of knowledge be everlasting; and your field of endeavor be in the interest of humanity."

Love

Mommy and Daddy

All the best to Ericka, the brightest star in the Bradley galaxy.

Your brother,

Vincent

"Reaching for the Prize", the yearbook theme, simply means attending school, working hard, and doing ones best in all endeavors-can only lead to success.

The **Lamp** Staff worked together as a team to get the job done efficiently and on time. It took hard work and dedication to get the "1990" yearbook started and finished.

We, the **Lamp** Staff, started off with a large number of members (as you can see in the staff picture on page 112), but ended with only the faithful few. These people cared for the Class and worked many hours to finish the job. I say, "Thank You" to all of you.

I would like to thank the teachers for their kindness and consideration: **Mr. Klass, Mr. DeAngeles, Miss Dinkins, Ms. Pickney, Mrs. Summers, Mrs. Maddox, Mrs. Wiggins, and Ms. Ringer.** I would also like to thank **Ms. Bonnie Levine, Josten's Representative,** for her warmth and assistance.

****Special thanks to Ms. Cato,** for without her time, hard work, and dedication to the yearbook, its staff, and the students of West Side High, this yearbook would not have been.

Education is my top priority in Congress. Through my position on the House Education and Labor Committee, I have introduced two education bills. I successfully sponsored House Joint Resolution 277 designating July 2, 1989 as "National Literacy Day."

In addition, I have authored legislation to meet the education needs of inner-city, low-income youth. This bill, known as the Community Education Employment Center Act of 1989, is currently working its way through the subcommittee stage of the legislative process.

Respectfully,

Donald M. Payne
